EMAIL ADDRESS REQUEST

Trinity Holistic Wellness uses email primarily to remind you of your upcoming appointments. We have found this form of communication to be the most convenient for our patients. We also keep you up to date on monthly product and service specials, as well as allowing Dr. Carolyn to send you informative articles and allowing her to keep in contact with you regarding your health. This is Dr. Carolyn's preferred method of communication, and it is the way best to reach her. You can be assured that we will never sell or give out your email address; it is secure with us!
